

King Offa School - Tariff Increase Information...

Information for Students/Parents/Guardians/Teachers/Governor's...

Harrison has always been committed to delivering the best value for our customers, enabling our catering teams to deliver best quality food on the plate by choosing suppliers that best suit the site's needs. This framework has always encouraged greater competition between our suppliers on price and service and this is clearly demonstrated when our purchasing is benchmarked.

However, as you will be aware food inflation is currently running at an unprecedented level in recent times and will continue to rise due to several well publicised reasons such as Brexit, COVID19 pandemic, currency exchange rate, political movements, food shortages and the increase in the living wage. We have been able to do this by working with our suppliers in 3 ways

We have sought to minimise the price increase on healthier products to encourage uptake of these. The school meal price however will now increase to £2.25.

As a company, we will always look to introduce promotional offers that will both encourage student uptake and provide value for money. In the event that we find our supply costs reducing, then we would incorporate this in to the offer to add value and quality whenever possible.

We will also be continuing to develop the food offer at King Offa School, with new ideas and initiatives over the coming months that we are confident will encourage more students to use the canteen.

King Offa School - How this will affect you and the students at your school.

Our school meal price and some of our individual tariff prices have increased. We have not and will not just put everything up – this is not how we do business. We have looked at the overall tariff and our meal price and increased this to ensure that the costs are covered and we have kept to our promises.

About Your Catering Service
